## SERUMS

**Antiox Serum (VLT0.4002G)** features our proprietary ingredient, Mitoprotect™ with the added antioxidant benefits of superfruits Acai and Camu Camu Extracts.

**Brightside Serum (VLT0.4030G)** premium 'globally-accepted' serum is enlightened with a multitude of brightening ingredients including the most potent tyrosinase inhibitor ever reported – SymWhite. When SymWhite is paired with Algowhite®, skin will look whiter, clearer and more luminous in just 28 days.

**Fade Away Serum (VLT0.4027G)** Our hyper-pigmentation serum's assemblage of ingredients work together to quickly fade away dark, pigmentation areas on the skin. Arbutin and Kojic Acid alone are a powerful duo, but we went a step further and included Tyrostat™ with Melanosatine®5. The combination of these two (2) ingredients gives your skin a brighter, even and more translucent appearance. Even after only one (1) week, skin texture is more refined. Therefore, it's time to let unhealthy skin Fade Away and bring out healthier, more brilliant looking skin.

**Hibiscus Exfoliating Serum (VLT0.4008G)** provides gentle exfoliation revealing smoother, brighter skin through the combination of Flower Acids and L-lactic Acid.

**Hostile Takeover Serum (VTL0.4009)** blends Manuka and Lemongrass Oil providing anti-bacterial, anti-microbial and anti-inflammatory properties. Combined with Salicylic Acid, our serum takes over oily, problematic skin leaving a more clear and balanced complexion.

**Ocean's 11 Serum (VLT0.4017)** effectively blends 11 powerful marine actives which combat destructive free radicals, soothe inflammation, protect against MMPi (Matrix Metalloproteinase inhibition), combat wrinkles, and visibly brighten skin. The plethora of 11 essential marine actives will help produce beautiful, healthy skin. *(Use with MARvelous Oceanic Mask (VLT0.4507) and Seven Seas Marine Gel (VLT0.4018) for an infusion of natural marine benefits.)*

**Peptide-99™ Serum (VLT0.4015G)** brightens, helps to protect from UV damage, hydrates, builds collagen and firms skin due to a dynamic blend of eight (8) performance peptides totaling 99% of the entire formula.

**Peptide Face Serum (VLT0.4000G)** renews and promotes healthy tissue growth, boosts collagen and reduces wrinkles with its effective combination of Mitoprotect™, EGF and Apple Stem Cells.

**Private Stock Peptide Serum (VLT0.4007G)** contains the highest recommended amount of Argireline™ and Matrixyl™ 3000 with added anti-inflammatory and antioxidant benefits of White Tea Extract.
