### Product Story:

What was that sound? Did you hear it? No, it is not the sound of the Miami waves crashing along the ocean shore, or your feet frying on the boiling boardwalk. It's actually the sound of **Sizzle** zapping away acne and problem breakouts on your skin! Zzzzap! Now did you hear it? We thought so!

CoValence is proud to present the power packed punch that is (drumroll please).... **Sizzle!** This mojito-mint green cream contains numerous acne fighting acids and oils, that when combined quickly work to make those breakouts vanish! The actives in this formula are fast-acting, therefore generating unbelievably quick results. Salicylic Acid in particular, provides a medley of benefits; pore-clogging prevention and inflammation reduction to name a few.

We have designed **Sizzle** to be effective-like every other product we develop here at CoValence. So, what makes it so unique you ask? The answer is simple. **Sizzle** was designed specifically with problematic skin in mind. We don't want you to have to worry about breakouts when you should be worrying about frolicking on the beach, South Beach that is-the only place hot enough to handle **Sizzle!** Alright, so maybe South Beach isn't the *only* "hot spot" worthy of **Sizzle**. We encourage *any* and *everyone* to try this product. We promise it's a "hot" commodity much like the name suggests!

### Active Interests:

- **Salicylic Acid** - Beta Hydroxy Acid (BHA), provides exfoliation preventing pore clogging, stimulates new cell growth, reduces inflammation
- **Mandelic Acid (L)** - Derived from almonds, AHA, anti-bacterial, improvement in photoaged skin, acne, abnormal pigmentation, and skin texture
- **Malic Acid (L)** - Derived from apples, provides gentle exfoliation, smoothes skin, promotes cellular renewal
- **Actilac™ H-60 (Honey Extract)** – Contains many complex saccharides and oligosaccharides, as well as Gluconic Acid which provides moisturizing, soothing and conditioning properties
- **Olea Europaea (Olive) Fruit Oil\*** - Rich in vitamin E and antioxidants that replace skin moisture and elasticity, anti-inflammatory, anti-bacterial
- **Pyruvic Acid** - Formed when sugars are broken down for ATP energy, alpha-keto acid, exfoliator

### The Dos:

Apply to clean skin. Allow to sit on skin for 5-10 minutes. Rinse well. May also be used once to four times a week as an acneic spot treatment.

### The Don'ts:

For external use only. Avoid contact with eyes. Keep out of reach of children.

### Notables:

The Beta Hydroxy Acid (BHA) in this product may increase sun sensitivity – wear sunscreen or protective clothing during use to protect against sunburn. Continue sun protection after the lightening regimen to avoid UV-induced pigmentations.

The Beta Hydroxy Acid (BHA) in this product may result in a mild exfoliation of this skin – this is normal, and will subside with continued use.

Please check with a Sales or Account Executive for pricing.

<b>Product Name:</b> Calypso Cool	<b>Characteristic(s):</b> Coral Gel pH 6.28 (+/-0.2) Paraben-Free	<b>Skin Type(s):</b> All, Anti-Age	<b>Product Number(s):</b> VLT0.5018
--------------------------------------	--	---------------------------------------	--

### Product Story:

*Calypso* was, and still is, defined as a form of folk song music, originating and resonating in the Caribbean Islands. It is an eclectic blend of both lyric and rhythm. Calypso has been known to bring together the masses by song and sea-making the perfect harmonic blend.

***Calypso Cool*** on the other hand, is not defined by song but most definitely inspired by sea. Our cooling gel moisturizer was developed using the flowing waters as our muse. Once applied to the skin, you will be struck by the vast cooling properties this product has to offer you. The crisp coral-colored gel is what defines ***Calypso Cool*** and makes it stand out from any and every other moisturizing product out there.

The enticing aroma alone will have your senses in an uproar-making you believe you really are on the Caribbean Islands, with the calypso sounds surrounding you! Luscious blends of *Banana Fruit Extract* and *Tropical Fruit Harvest* make up just a few of the many *active interests* that resonate in this moisturizer.

Formulated to awaken, cool, and then replenish the skin, ***Calypso Cool*** provides a unique method to your daily skin regimen. The gel texture of the moisturizer works to satisfy all skin types and has no limitations. It can be applied to either the body or face, providing a gentle sensation that consumes your skin.

Still not convinced about ***Calypso Cool***? Simply apply, sit back, relax, and let the song of the islands take over! There's a reason why Gloria Estefan's song still rings true, she always said.....*the "Rhythm is Gonna Get You"* and we bet ***Calypso Cool*** will get you too!

### Active Interests:

- **Musa Sapientum (Banana) Fruit Extract** - Rich in potassium, vitamins A, B (folate), and C, softens and smoothes the skin, mild antioxidant
- **Tropical Fruit Harvest™ (Carica Papaya (Papaya), Mangifera Indica (Mango) Ananas Sativus (Pineapple) Fruit Extracts)** - Rich in vitamins, minerals and fruit acids, nourishing, antioxidant, moisturizing, mild exfoliator, immune boosting
- **Bisabolol (L-alpha)** - Acts as an anti-inflammatory, wound-healer, reduces sensitivity, alleviates heat while soothing skin irritation
- **Menthyl Lactate (L)** - Ester of menthol and lactic acid, cooling, soothes irritation with analgesic properties
- **Pectin (Fruit Enzymes)** - Obtained from diluted acid extracts of citrus fruit rinds or apple pumice, water-binding to help retain moisture, softening

### The Dos:

Apply Calypso Cool to clean skin once or twice daily.

### The Don'ts:

For external use only. Avoid contact with eyes. Keep out of reach of children.

### Notables:

Due to the chemical reaction of Lemongrass Oil and Honeysuckle Extracts, product will color shift to a dark coral color.

## Product Story:

Sun, Sand, and Beaches.....no, we're not talking about your next getaway, but rather the inspiration for CoValence's **Mojito Tonic**, a unique formula designed to keep your skin having that "beach babe" glow. This exotic facial cocktail was developed to gently exfoliate the skin. Our formula is complexion-perfecting! The clear liquid solution is reminiscent of the clear water and waves of the South Beach shore, tempting you to quickly book that sandy vacation so you too, can feel the ocean mist on your skin.

With CoValence based in the Southwest desert, we often find ourselves dreading our warm droughts, and craving the tropical weather. But, we will settle for simply using **Mojito Tonic**...that's enough to at least put our spirits in the heart of South Beach.

Continued use of this stimulating elixir will help shed dead skin and reveal a new, smooth, beautiful face. After using this product, you'll be saying "*Bienvenidos a Miami (Welcome to Miami)*" -just like all the locals!

## Active Interests:

- **Saccharum Officinarum (Sugar Cane) Extract** - Exfoliating and conditioning agent, active ingredient is naturally derived glycolic acid for refining wrinkles and other signs of aging skin, moisturizing and lubricating
- **Glycolic Acid** - Alpha Hydroxy Acid (AHA), used as an exfoliator to remove dead skin cells, smoothes skin texture, reduces signs of wrinkles

## The Dos:

Apply to cotton pad and gently wipe clean skin once or twice daily.

## The Don'ts:

For external use only. Avoid contact with eyes. Keep out of reach of children.

## Notables:

**SUNBURN ALERT: This product contains a Alpha Hydroxy Acid (AHA).**

<b>Product Name:</b> Tangerine Dream Oil Cleanser	<b>Characteristic(s):</b> Light Orange Oil pH 7.11 (+/-0.2) Paraben-Free Phthalate-Free	<b>Skin Type(s):</b> All, Oily, Dry	<b>Product Number(s):</b> VLT0.1017
---	---	--	--

### Product Story:

One could easily say that, “CoValence knows cleansers.” We were one of the first, if not *the* first, to add potent acids as well as brightening actives into non-sulfate bases back in the 1990’s. So, it may seem odd that it has taken us years to develop a deep oil cleanser. However, perfection was not to be rushed and we truly feel that our **Tangerine Dream Oil Cleanser** is *the perfect* anti-age answer for all skin types (yes, especially oily skin).

A number of the testers, including CoValence’s long-time ‘acid cleanser’ advocates were hesitant to try **Tangerine Dream**... after all, where were the acids and the suds? Well, it didn’t take long (only one application) to win the ‘acidheads’ over to the anti-age benefits of **Tangerine Dream** -- to the point where a black market situation may occur if the Vault sample supply is every depleted.

Why has it won the ‘acidheads’ over? Simply put, the experience and the results are instant. The infusion of the tantalizing tangerine blossom aroma will wake up even the sleepest of heads. In addition, the natural anti-age benefits of essential oils leaves skin feeling more soft and supple while working to efficiently remove makeup. Still not convinced? To help win you over... we tested **Tangerine Dream** head to head with the top deep oil cleansers on the market and **Tangerine Dream** beat the leaders in the categories of *performance, anti-age benefits, natural science, aroma* and *experience*.

Dreams really do come true and we are confident that it will not take you long to start enjoying and reaping the beautiful benefits of **Tangerine Dream**.

**Testimony (oily skin):** *“I am in my 40’s and I have extremely sensitive, oily skin. NEVER in a million years would I think about using an oil cleanser. Well, I’m glad I was persuaded to try **Tangerine Dream**... After trying **Tangerine Dream**, the oil on my skin has lessened, my skin is extremely soft (my husband concurs) AND my fine lines are definitely diminishing. I will always be a diehard AHA and BHA Cleanser fan; however I have now been wooed over to CoValence’s **Tangerine Dream**. Thank you... for realizing my dream!”*

**Testimony (dry, sensitive skin):** *“You could say that my skin is fickle. It is extremely sensitive, but it is also very dry (envision Death Valley). I do enjoy the occasional AHA, BHA or Enzyme Cleanser to help exfoliate my aging, mature skin, but I never found the ‘right; daily cleanser... until **Tangerine Dream**! Wow! My skin is so **beautiful** (no longer Death Valley) and the occlusivity of the oil base is amazingly gentle on my skin. Once I realized that a cleanser did not need to suds up, I fell head over heels (not in the shower) for **Tangerine Dream**. I’m a believer in dreams coming true!”*

### Active Interests:

- **Caprylic/Capric Triglyceride** - Highly refined triglyceride oil, increases the skins permeability to promote penetration of actives, improves barrier function, and restores moisture content
- **Simmondsia Chinensis (Jojoba) Seed Oil** - Moisturizing, reconditions the skin, balances oil production, provides barrier protection

- **Lipofructyl Argan LS (Argania Spinosa Kernel Oil)**- Tree indigenous to South Morocco, rich in poly-unsaturated fatty acids (including linoleic acid, omega-6) and natural tocopherols, nourishing, regenerating and protective

### The Dos:

Use Tangerine Dream Oil Cleanser once or twice daily. Rinse well.

### The Don'ts:

For external use only. Avoid contact with eyes. Keep out of reach of children.

### Notables:
